Additional Full Event Videos - \$75

Drone Videography - \$100

## **FAQ**

### **How does booking work?**

You can schedule a call at this link (<https://calendly.com/jackiemarten/30min>). During the call, I can answer questions you may have and we can finalize a package that works best for you. If you're ready to book, I'll send you a service agreement through Honeybook. You will then be able to sign the service agreement and make payments. A few weeks before your wedding date, we'll have a final call to go over the schedule for the day. Your finished videos will be emailed to you 6-8 weeks after your wedding date. If there's any parts of your videos that you're unhappy with, we are happy to do one set of revisions at no additional cost.

### **Can I change parts of my package?**

Yes! All of our packages are fully customizable to your needs. If there is anything you'd like to add or remove, we can adjust plans and pricing to reflect that.

### **What are Full Event Videos?**

These are full, uncut videos of the main events from your wedding day. These include but are not limited to:

- Couple Interviews
- First Looks
- Ceremony
- Toasts/Speeches
- First Dances

### **Can I purchase the raw footage from my wedding?**

At this time, we do not offer raw footage delivery. If there are any parts of your day you'd like more footage of, we'd be happy to edit a main event video for that part of your wedding.

### **What does my package time cover?**

Your package time is the consecutive amount of time that we will be available to record your wedding day. If you book 8 hours, we would be available from 12pm-8pm, 2pm-10pm, etc.

### **Can you go to multiple locations?**

We are happy to travel to any locations within a 30 mile radius of your venue at no additional cost, but please note that travel time does come out of your package hours, so plan accordingly if you're considering multiple locations.

**Overtime Pay**

Any hours added to your package time cost \$100 an hour. Overtime must be agreed upon by both the videographer and at least one member of the couple. Overtime can be added at any time, but must be paid before the overtime hours are completed. Day-of payments can be made in cash or through Venmo. If the main events of the wedding have not been completed by the videographer's scheduled out time, and the bride and groom cannot be located, the videographer will decide whether or not to stay for additional time. This will result in overtime charges being added to your bill, so be sure to communicate with your videographer if you think you'll need additional time.

**When will I receive my videos?**

All final video edits will be delivered by email within 6-8 weeks of the wedding date.

**Can I watch your previous wedding videos?**

Absolutely! All of our previous videos are on our website, [jackiemarten.com/weddingfilms](http://jackiemarten.com/weddingfilms).

**Payments and Billing**

All payments are made through Honeybook. At time of booking, we require 20% of your total package cost upfront as a booking fee. This cost is non-refundable and will go towards your final bill. Full payment can be made at anytime, but must be made at least 1 week prior to the wedding. If payments are not received on time, and we cannot reach you, we will not arrive on the day of the wedding.

**What if I don't like my finished videos?**

We want you to be happy with your videos! If there's any particular style you're looking for or footage you want to feature, please let us know during our call! If for any reason you're unhappy with your videos, we are happy to make one set of revisions at no additional cost. Revisions beyond this will be done at the discretion of the videographer and for an additional fee.
